

The Hallen School

2026-2027 Over the Counter Medication Order Form

For medications given in school, the New York State Education Department requires prior written approval from both a healthcare provider and the parent/guardian for both prescription and over the counter medication (OTC). If your child requires medication, both your health care provider and you will need to complete a Medication Authorization Form and supply the prescribed and OTC medication for the individual child. There are certain common OTC products that the school nurse might stock that may be used with your additional permission to do so. Once completed, this form allows the school nurse to administer or apply OTC medication to your child during school hours.

This form must be signed and initialed by your health care provider and you.

Student's Name: _____ **DOB:** _____ **Allergies:** _____

Medication	Indications for use and conditions under which medication should be administered. Please add indications if needed	Dosage and Route of Medication	Frequency and/or Time	Health Care Provider Consent (Please Initial)	Parent/Guardian Consent (Please Initial)
